

Final Project Progress Reports

Today's Class

- This Week's Readings
- Final Project Progress Report
- Next Week's Readings

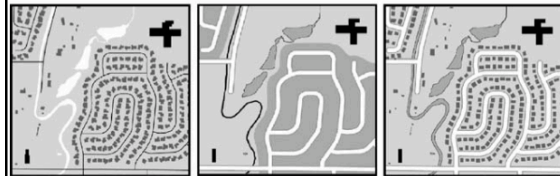

Readings for This Week:

- Maneesh Agrawala & Chris Stolte, "Rendering Effective Route Maps: Improving Usability Through Generalization", SIGGRAPH 2001

Readings for This Week:

- Cynthia A. Brewer and Barbara P. Buttenfield, "Mastering map scale: balancing workloads using display and geometry change in multi-scale mapping", Geoinformatica 2009

Today's Class

- This Week's Readings
- Final Project Progress Report
- Next Week's Readings

Readings for Next Week:

- Find *two* academic readings (ideally research papers) related to your final project
 - Ask us if you can't find something before Friday
 - Group projects need 2 readings per person!
- Post on LMS
 - the full bibliographic citations (by Saturday 11:59pm)
 - your detailed summaries (by Monday 11:59pm)
 - overall relation to your final project
 - specific details from the reading that you will use / implement / mimic / extend / etc.
