

## **Graph Mining Project Update**

Submit update presentation to Submitty before class on March 25th

**v1.0:** Last Updated March 18, 2024

Project update presentations will be on Monday March 25th and Thursday March 28th. Basic details are below:

1. Same groups as before. Let me know of any changes.
2. 10 minutes maximum for your presentation.
3. Order will be randomized.
4. Submit your presentation to Submitty before class on Monday.
5. Presentations will be in person in class. Let me know of any issues ahead of time.

For your update presentation, you should be providing a not-insignificant update on the current status of your project. Some questions you should answer during your presentation are:

1. How has your work been progressing?
2. Do you have any interesting results to share?
3. Are there any unforeseen challenges?
4. Are there any adjustments needed to the original timeline?
5. What will you be working on over the next month?
6. Any questions for the class or instructor?

You can include any other results or interesting discussion that you think might be worthwhile to share.
